## PRAISE

"We really like the latest CD by Kenny and Amanda Smith - Catch Me If I Try. We've been fans for a long time and think this is the best CD yet! Great performances! Of course, we love Kenny's guitar playing! He's a great rhythm player and his solos are always clean and melodic. Amanda is one of our favorite female Bluegrass singers today! We love her voice - so rich, warm and expressive!! We know you are going to love Catch Me If I Try!!"- Ricky Skaggs & Sharon White Skaggs

"It's evident Amanda has God's Gift to sing and has been singing since she was a little bitty thing. That coupled with a desire to keep singing makes for a beautiful sound."  
- Del McCoury
